

DEER IN THE SPOTLIGHT

A MONTHLY PUBLICATION FROM
THE CITY OF DEER PARK

MARCH 2022 EDITION

Local resident Sarah Merritt has opened Pop of Magic at 5010 Luella (near the intersection of Spencer Highway). This is a great event venue for kids' parties, bridal or baby showers, Mommy & Me play groups, holiday parties or any occasion to get together and enjoy a fabulously decorated venue.

Let Sarah and her team's special events expertise turn your next get-together into an occasion to remember. They believe that every element of your celebration should be special, starting with the venue. They can plan, decorate and host your event, while you relax and enjoy yourself. With space to accommodate intimate gatherings up to 50 kids and/or adults, let them transform your blank slate into your dream event space. Call them now at (281) 900-4574, visit PopofMagicTX.com or visit their Facebook page.

NEW REGISTRATION SOFTWARE

We are excited to announce we are making big changes to the way that Deer Park Parks and Recreation Department does business. We are making these changes to enhance your experience with our department.

Improving Your Experience

Here at your Parks and Recreation Department, we constantly re-evaluate processes and make changes. Over the past few years, we have been focusing on enhancing our customer service skills and analyzing our patron involvement. This has caused us to assess our current software resources and explore other options. We consistently strive to make your experience with us a good one.

Choosing a Market Leader

After many months of research and software trials, we decided to leave ActiveNET and move to Vermont Systems RecTrac. RecTrac is a market leader in recreation management software specializing in developing fresh software products for managing recreation and parks operations. Vermont Systems covers municipal, county, state, and federal military governmental entities. We are confident that this software migration will create a more user-friendly experience for our patrons.

Check out RecTrac: <https://www.vermontsystems.com/products/recrac/>

Things You Need to Know *This is Important*

As we make this transition, please be aware of the following. We will be retiring all users that have been inactive for the past 24 months. Meaning if you have not logged into our system in the past 24 months, you will be required to create a new account with the new system.

We will be pulling active patrons into the new system. We will not be carrying credit card information into the new system. If you currently have a credit card on file with us, you will be required to re-enter the credit card information into the new system.

We will now request that everyone who participates in dance and ASAP pays for the programs using the auto-draft. Payment plans will be auto-draft only. We will not be accepting cash payments for programs on payment plans.

Payments will be drafted on the first of the month and considered late after the 5th. Patrons that do not have accounts in good standing will risk being dropped from the program after the 15th. Non-sufficient funds (NSF) charges will be the patron's responsibility.

Credit Card Processing Information

When our patrons make a one-time credit card purchase from us, the credit card will be swiped at our office, and the data will be encrypted within the credit card terminal and transmitted to the processor, where it will be decrypted. The computer passes the encrypted information to the processor and cannot translate it. This is a requirement to maintain PCI (Payment Card Industry) compliance.

When setting up a Credit card, numbers are not stored in the P&R software (ActiveNet or RecTrac.) The credit card is swiped, encrypted, and transmitted to the processor when billing is selected for an activity. The credit card processor issues a token that attaches to the customer's account. That token stays with the customer account. When the billing date comes due, the token is submitted back to the processor, where it's verified, and the payment processed.

Thank You for Working with Us

These changes will take place on March 1. Active users who have not been dropped from the system will receive an email from RecTrac containing their username and password. We will be on hand during the transition to the new software and will gladly assist you with any issues that arise.

We want to thank you for your patience at this time. We are incredibly excited about the new opportunities that this software will offer us. We cannot wait to see what the future holds!

ART PARK PLAYERS

SNAPSHOTS: A MUSICAL SCRAPBOOK

Snapshots

a musical scrapbook
with songs from WICKED,
PIPPIN, GODSPELL & MORE

APRIL 22, 23, 24, 29, 30
MAY 1, 6, 7 - 2022

Friday and Saturday
performances are at 8pm
and Sunday performances
are at 2pm.

In *Snapshots*, music from Stephen Schwartz' career are weaved together to tell the story of Sue and Dan, a couple whose 30-year old marriage has fallen apart. As Sue is about to leave Dan, the two find themselves in their attic for a final goodbye to the life they led.

Surrounded by a lifetime of memories, Sue and Dan embark on a journey to the past, rediscovering their true love that remained hidden in a lifetime of *Snapshots*. A touching and authentic look into how we fall in love and the power of trusting our hearts. Every couple will see themselves in *Snapshots*!

Coming Soon!

*It's time to
cut loose!*

Life in small town Bomont is peaceful but the townspeople live in the shadow of a tragedy and dancing is banned. That is until city boy, Ren McCormack arrives and shakes up the status quo, reminding us all: It's no sin just being young. This feel good musical will have you dancing in your seats and will leave you feeling Footloose and fancy free.

JULY 8, 9, 10, 15, 16, 17, 22, 23

Friday and Saturday performances
are at 8pm and Sunday performances
are at 2pm.
